

## REACH regulation - 2006/1907/EC

Stora Enso's obligations under REACH are as a manufacturer of articles and substances and as a downstream user.

Where REACH demands registration we have done or will do the registration. Our paper and board grades are defined as articles without intended release with the consequence that no registration is required. Cellulose pulp is defined as a substance and exempted from registration according to annex IV.

We have included REACH demands in our purchasing agreements to secure information exchange in the supply chain. Our chemical suppliers shall continuously follow the development of the Candidate List of Substances of Very High Concern, the substances for authorization as well as any restrictions applicable to our use.

We are aware of our obligation to inform our customers without undue delay in case any of our products contain substances included on the Candidate List of SVHCs (including Annex XIV, Authorisation) in a concentration above 0,1% (w/w).

None of our products contain substances included in Annex XVII, Restrictions, where the restriction is applicable on our use.
